Institution (For students, the name of the institution, and for professionals, the name of the company, association, or group):

The name of the project being submitted for the competition:

The registered candidates recognize that their work submitted for this competition can be publicly disclosed, displayed as part of the exhibition of submitted works, and the competition organizer assumes no additional obligations other than awarding the prize and publicly disclosing it. The competition organizer or its partners are not obliged to execute the works or realize the awarded project ideas in reality. The organizer reserves the right to award prizes based on the submitted works and their quality, according to additional, i.e., supplementary criteria not listed in the competition. Likewise, the organizer reserves the right to omit awarding the prize altogether in case of below-average quality of the submitted works.
